To:
Hiring Manager
Shyam Steel Industries Ltd (Shyam Future Tech)
Kolkata, West Bengal

Dear Hiring Manager,

I am writing to express my strong interest in the Full Stack Developer (Python Django & Angular) position at Shyam Future Tech. With dedicated experience in end-to-end web application development, responsive website design, and database management, I have developed a deep proficiency in building and deploying scalable, user-centric systems that perfectly align with your technical requirements.

In my current role as a Full-Stack Developer at Corunit Media Corp, I have led the development of complex, high-traffic applications, including a scalable platform serving over 1,900 concurrent users. My daily responsibilities involve architecting responsive front-end interfaces and engineering robust backend systems using Python Django and Django REST Framework. I have extensive experience in designing RESTful APIs, enabling seamless data exchange across client and server-side components. Furthermore, I am well-versed in modern HTML5, CSS3, and JavaScript workflows, ensuring excellent cross-browser compatibility and working closely with UI/UX designers to bring engaging interfaces to life.

Beyond writing clean and maintainable code, my expertise encompasses rigorous database handling across PostgreSQL, MySQL) ecosystems. I am highly proficient with version control workflows via Git and GitHub, having contributed over 1,000 commits and 120 peer code reviews in Agile environments. I also bring hands-on experience deploying these optimized applications to AWS, leveraging CI/CD pipelines and Docker containerization to deliver high-quality code.

What excites me most about this opportunity at Shyam Future Tech is the ability to leverage my comprehensive stack to build dynamic, scalable, and impactful solutions for Shyam Steel Industries. I am eager to bring my strong problem-solving skills, my passion for clean code, and my reliable performance to your engineering team in Kolkata.

Thank you for your time and consideration. I would welcome the opportunity to discuss how my full-stack background and technical dedication can drive success for your team.

my full-stack background and technical dedication can drive success for your team.

Sincerely,
Sajid Kalam
